Company evidence | Basel-Stadt

5 physical-operation records / 16 official contact / 37 campus resident / 15 register-only / 65 unresolved or conflict

138 retained rows, not unique entities or a canton census. Reviewed 4 Nov 2026.

Operations supported. SpiroChem AG, Boehringer Ingelheim / NBE-Therapeutics AG, Medartis Holding AG, Celonic AG.

Contact / resident examples. Novartis AG, Roche Holding AG, Lonza Group AG. Address/residency is not an occupied laboratory suite. Complete evidence in offline site.

Company evidence | Basel-Landschaft

11 physical-operation records / 4 official contact / 28 campus resident / 13 register-only / 51 unresolved or conflict

107 retained rows, not unique entities or a canton census. Reviewed 4 Nov 2026.

Operations supported. CARBOGEN AMCIS AG, SKAN Group AG, Idorsia Pharmaceuticals Ltd, Basilea Pharmaceutica.

Contact / resident examples. Bachem Holding AG, Becton Dickinson AG, Altamira Therapeutics. Address/residency is not an occupied laboratory suite. Complete evidence in offline site.

Basel-Stadt is the city canton; Basel-Landschaft is the surrounding Swiss canton. Current source-reviewed marketed offers are mixed-use premises, not laboratory-only vacancy. Fricktal / Aargau, France and Germany are excluded.

16,429.5 m²

Basel-Stadt / measured current offers

22 non-overlapping measured records | not lab vacancy
Final source-reviewed register | 4 Nov 2026

20,646 m²

Basel-Landschaft / measured current offers

12 non-overlapping measured records | not lab vacancy
Final source-reviewed register | 4 Nov 2026

Readiness and overlap. SONUVO uses twelve disjoint aboveground floors; lab-labelled H89 floors include supporting uses. K-25 uses 2,195.5 m² of selected offers, not the overlapping 15,400 m² campus headline. K-410 refurbishment / operator marketing has no quantified current inventory.

Future measured offers. BL: 5,100 m² at ALL from 2027, shell lab/office; ground-floor FAQ area/timing conflict retained. BS future measured subtotal is not established, not proof of no pipeline. SENN / SENN Resources AG / review 4 Nov 2026.

Non-additive future context. SCALE up to 28,000 m² from 2030 (mixed-use capacity ceiling); HOPE 130–8,000 m² from 2028 (office/service range). Both excluded from measured future subtotals. SENN / SENN Resources AG / review 4 Nov 2026; Switzerland Innovation Park Basel Area / review 4 Nov 2026.

Current exclusions. HORTUS dedicated page says fully booked, no measured offer. Muttenz 3,791 m² expired listing: status unknown, excluded. SENN / SENN Resources AG / review 4 Nov 2026; Homegate (original portal; former advertiser not established) / review 4 Nov 2026.

Regional laboratory leasing outlook

10,000–15,000 m² annually | Basel-region forecast over a 2-3 year outlook.

Not BS/BL demand or measured absorption; no comparison to mixed-use offers or years-of-supply calculation. Supplied report: JLL Research, EMEA 2026 Life Sciences Industry & Cluster Report, slide 12; report dated 2026, reviewed 4 Nov 2026.
