Seattle and Puget Sound

OCCUPANCY READ Immunome signed an additional Bothell office lease. Sana paused Bothell manufacturing build-out and pursued potential Seattle/Bothell subleases. These documented actions show committed office space alongside planned space release, not market-wide net absorption.

Base = selected profiles; Res. obs. = company/site research records with possible entity overlap. Operating = current supported site records; precise = address matches, not tenancy proof. Typed plan leads cover structured site records only; zero is not absence of planning actions. Priority is record-based analyst assumption, not lease credit; U = unscored. Wider research includes 2 outside-hub observations (Spokane and Vancouver/Clark County); neither is Puget Sound operating stock.

Cash period ends: 2026-06-28 to 2026-06-30. Exact global cash/equivalents; stale/unknown = n/a, not zero. Not local capital, demand, guaranty or lease credit. Cross-hub cash is not additive.
